Principal' s Address

I believe that the three great principles, Truth, Good and Beauty nourish the entire social life. And, also, I believe, every individual possesses the potential to endure any kind of challenge to generate a climate in which every individual minding his/her rights and duties can work with positive attitude for maintaining equality, fraternity and liberty in our society.

In June 20 1972, e Mugutrao Sahebrao Kakade Deshmukh established this institution to educate the down pressed communities in rural area. The main purpose of educating the simple community has been to promote social, economic, educational and cultural progress of the people here.

Along with the spread of education of this type, we stress the importance of sports, social service, morality and endurance among our students to take up all kinds of challenges.

Also, to face modern world challenges, this institution insists and includes the Education related to information communication technology.

This college, hence, is an ideal model college in rural area for it's provision of B.A / B.Com./B.Sc. B.C.A. /M.A./M.Com. degree courses, good library, big playground , Hostel, Idyllic premises, learned and well qualified staff and helpful non teaching staff.

I anticipate sincerely that students learning in this college shall develop their personality, career & character taking maximum benefit of the facilities this college offers to them. Be better citizens and glorify the reputation of this college.
