

Feedback Analysis Report 2021-22

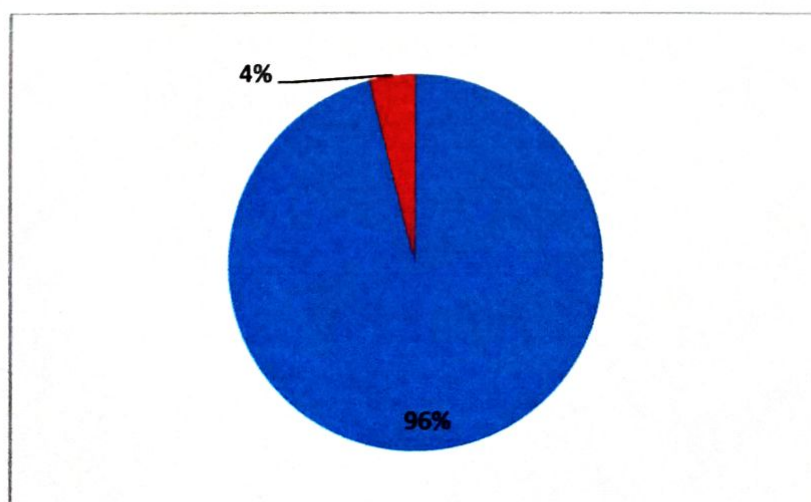

The institute has obtained feedback on academic performance and ambience from Students and Teachers through questionnaire which contains major aspects like curriculum, Learning environment & teaching methods, Learning resource, Quality of delivery and assessment mechanism etc. Totally 83 students and 47 Teachers gave their feedback on academic performance and ambience for the academic year 2021-2022. Like students and teachers, Employers and alumni are also important stakeholders of the organization, so their feedback was also taken by the organization. In the academic year 2021-22, 10 feedbacks each from workers and alumni have been taken.

The same responses of the stakeholders are collected, analyzed and action taken on it.
